Objective

The Goal of the Bamalax SuperStars U-11 program is to provide an opportunity for Alabama's most talented young lacrosse players to match their skills with the best players in the nation. This is a competitive program, but our participants are assured of having a great deal of fun and satisfaction as they practice, travel and compete together under the guidance and leadership of experienced and respected adult coaches. The Bamalax SuperStars team will not interfere with any youth team's regular season.

Tryouts

Tryouts will be conducted on November 18th, 2007 at Liberty Park, from 2-4:30 pm. The tryouts are open to all boys who will not have become 11 years old on or before December 31 of that year. All boys must reside in Alabama. The final team will consist of approximately 20-22 boys. The team will be selected by a committee of experienced coaches and players. Supplemental tryouts and/or selections may be made in the spring if circumstances require Bamalax to add players.

Player Requirements

If a player is selected for the Bamalax SuperStars team, he is required to become a member of US Lacrosse (currently \$30 per year) if he is not already a member. All players and parents are required to sign a player pledge (which is more encouragement than legalism). Practices will be held weekly from late November through early-March (approximately). These practices are currently planned to be held on Monday evenings. Bamalax expects the team to participate in at least two tournaments in 2008. Currently, we are planning a March tournament in South Florida, and a June tournament in Texas. Additionally, we may schedule a day trip to Atlanta in February for a couple of scrimmages. Bamalax may consider other invitations, but will consult with parents significantly before any decisions to that effect are made.

Expenses

Annual registration fees are expected to be about \$175 per player. This cost will include uniforms, event fees and team expenses. There will be additional costs, including transportation to events and lodging at the tournaments.
